HIGH PERFORMANCE CARE FOR HEALTHY HAIR

- **Healthy Hair Shampoo** gently yet thoroughly removes oil, debris and buildup that can weigh hair down. Its dual-action hybrid formula is gentle enough for daily use, or can be repeated for a deeper, high-lather clean.
- **Healthy Hair Conditioner** instantly boosts hair's moisture and shine without the sticky buildup that can weigh hair down over time. Its dual-action hybrid formula lets you rinse out or leave in.
- **Both are infused with patented Biodiffusion™ bond repair technology** to protect against damage as you wash and condition.
- **Quat free** to eliminate buildup, a common issue with traditional formulas
- **Fragrance transparent**, scented with naturally derived vanillin
